Report of Principal and School Improvement Council

What another outstanding school year! Three years ago we applied for the Magnet Schools Assistance Program (MSAP) grant to fund the process of becoming an International Baccalaureate School. In October 2010, we received the good news that we received the grant. We began the application process and then participated in professional development through the International Baccalaureate Organization (IBO). Through the collaborative efforts of the faculty and staff, we completed and submitted Application A to become an International Baccalaureate Candidate School. In June 2011, we received notification from IBO that we were accepted as an official International Baccalaureate Candidate School. In October 2012, we submitted Application B to apply for our authorization visit. April 2013 we had our official two day authorization visit from IBO. During the two day visit, the team from IBO observed the quality instruction taking place in our classrooms, talked with students, met with parents and community members, and interviewed Windsor's administrative team and district office staff. During the exit interview, the IBO team shared a report about their findings in regards to how well the International Baccalaureate Primary Years Program is being implemented at Windsor Elementary School. We will receive notification about our status this summer or in the fall.

Our academic focus for this school year was math. The faculty read and participated in a book study using the book Guided Math: A Framework for Mathematics Instruction. As a result of reading the book, the teachers redesigned their classrooms so that the room reflected a math rich environment. Students mastered the memorization of basic facts and teachers taught students how to analyze and solve word problems. To increase parent involvement, we focused on getting dads more involved by implementing a national program, Watch D.O.G.S. (Dads of Great Students). The program focuses on getting dads to agree to volunteer at the school for at least one full day during the school year. Many of our dads signed up and they were great volunteers. The dads assisted teachers in the classroom, ate lunch with the students, played with the students during recess, and assisted with morning and afternoon duty areas.

This coming school year we will continue teaching our inquiry units as we learn about and integrate the common core standards. We will continue to design engaging work for our students which will allow Windsor Elementary to continue to be a place where children learn, grow, and dream. Thank you to all of our Windsor families for your continued support.
Eric L. Jeffcoat, Principal

Marc Cooper, President of the Windsor Collaborative Council

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/eSEA/> or request this information from your child's district or school.

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the state's expectations

Accountability Indicator for Title I Schools

Windsor Elementary school has been designated as a:

- ☐ Title I Reward School for Performance - among the highest performing Title I schools in a given year.
- ☐ Title I Reward School for Progress – one of the schools with substantial progress in student subgroups.
- ☐ Title I Focus School – one of the schools with the highest average performance gap between subgroups.
- ☐ Title I Priority School – one of the 5% lowest performing Title I schools.
- ☒ Title I School – does not qualify as Reward, Focus or Priority School.
- ☐ Non-Title I School – therefore the designations above are not applicable.
