Report of Principal and School Improvement Council

Dear Parents,

It is hard to believe this school year is already over, but it has been an exciting and productive year. We are always striving to make decisions that are in the best interest of our children. In the use of researched based best-practices along with disaggregating data from this past year, we are confident our students will do well on state testing. We are changing from four member teams to two member teams to help teachers become more content specific and give them an opportunity to build strong relationships with their children.

Overall, we had a very successful year with student service projects. The school was able to donate money to different organizations to help fund the research for fighting cancer. Our Beta students conducted a school-wide food can drive that raised well over a 1000 cans in which we donated to the Middle Tyger Community Center. This had a direct impact with our local community since it is right down the street. We also were able to collect purses and bags to support "Purses for a Cause". This event raises money to be used to help buy the elderly heating oil. Through these projects, students were given the opportunity to see how they could help others and bring joy to our Community. Our Volunteer Organization is stronger than ever raising funds to help support our instructional needs. With their help, the school was able to purchase a Google Chrome Lab, 15 projector screens, ROS works software for assessments, and books for our students.

I'm excited about the future of Beech Springs Intermediate!

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.
