Percent satisfied with learning environment	100%	89.7%	94.1%
Percent satisfied with social and physical environment	100%	89.4%	92.9%
Percent satisfied with school-home relations	97.8%	93%	90.5%

*Only students at the highest elementary school grade level at this school and their parents were included.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Sterling's School Improvement Council (SIC) has been working hard this year to help shape the direction of Sterling. The following narrative outlines much of what has been done this year and summarizes much of what has been accomplished by the students and faculty of Sterling as well.

Sterling has had a wonderful year. We started with a special visit from Subway's Jared Fogle as part of the Subway Challenge and to promote our CATCH and Culinary Creations food program. The fall brought in a record amount of needed funds through a great PTA Boosterthon fundraiser and the awarding of a \$39,474 grant from State Farm to support safer walking and biking to school and in the community. We have had excellent parent participation and inclusiveness in the school through a variety of PTA meeting formats as well as monthly Lunch and Learns from our guidance department and media center. We have also begun parent orientations for the next grade level well before the end of the year to more fully prepare parents for the school year to come.

Lastly, we have continued to improve the instructional program at Sterling. Every grade level and area has reworked some aspect of its curriculum to better our students. We have focused on building rich experiences that will make learning more meaningful and memorable. As you look through our accomplishments, please review the two key areas from which the School Improvement Council evaluates our initiatives: inclusiveness and experiential learning.

Inclusiveness: Through this objective, the school seeks to create an environment in which students, teachers, parents and community members feel accepted and a part of the school. Inclusiveness values these roles, appreciates, and values the differences that each individual brings in fulfilling his or her respective role.

Experiential Learning: Through this objective, the school seeks to encourage students and teachers to engage in the learning process in a manner that allows for learning from and through failure, risk taking and trial and error. Experiential Learning is consistent with the currently used approach of inquiry-based learning, as many of the characteristics are seen in our teaching. However, there is a desire to see this approach expanded, encouraged, and emphasized.

Jeff Dishner SIC Chair
David M. Johnstone Principal
