Percent satisfied with school-home relations	75.6%	88.7%	75.8%

*Only students at the highest elementary school grade level at this school and their parents were included.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

As Forts Pond Elementary began the 2012-2013 school year, our school and district vision of preparing 21st century learning experiences while developing self-directed, caring, creative, collaborative, multilingual citizens who flourish in our global and competitive democracy was the center of our motivation. Our efforts were recognized as we were named a Title I Reward School for Performance as one of the highest performing Title I schools in the state.

In 2012-2013, we continued to participate in professional development centered on enhancing our ability to provide brain-compatible learning environments, effective instruction and active student engagement in learning. These instructional areas remain priorities as we implement Common Core State Standards.

We continued our persistence in setting goals based on these instructional priorities and received coaching from expert consultants. PASS results have shown writing to be an area of weakness. In order to address this weakness, our school implemented "6+1 Traits of Writing" and participated in professional development to strengthen writing instruction.

Service-learning projects focused on active military and veterans. Our students raised \$1,000 to sponsor two World War II veterans on the S.C. Honor Flight. Two staff members served as guardians on these flights and were able to share pictures and experiences about this amazing opportunity with our students. FPES collected toiletries and snack foods for the 178th Engineer Battalion serving in Afghanistan. This troop recognized our efforts by flying an American flag in Afghanistan in our honor and later placing the flag in our school in appreciation of our students' dedication.

Several teachers received grants for projects to enhance learning. A Mid-Carolina Electric Cooperative Bright Ideas Grant assisted with the development of a habitat featuring plants indigenous to South Carolina. The Farm to School grant made it possible for each grade level to cultivate a raised garden bed with a variety of produce. Teachers and students then used the produce in recipes. We also received funding through the 21st Century Community Learning Centers Program grant that allowed us to provide an extended learning day for students who struggle academically.

Our PTO placed students at the center of their projects. This year they assisted in providing field studies, creating an inviting learning environment around the school and recruiting volunteers to assist in student activities. Our School Improvement Council reviewed academic data and survey results, and helped plan for improvement.

Forts Pond Elementary is dedicated to Fulfilling the Potential of Every Student by providing students with a challenging standards-based education and enabling each of them to become self-directed, lifelong learners in a global 21st century.

Principal Michelle Smith and SIC Chair Stephanie Lawson
