Report of Principal and School Improvement Council

The Berkeley County Middle College High School is a school choice option partnership between Berkeley County School District and Trident Technical College. We provide a personalized learning community for students who want to accelerate toward fulfillment of college and career goals, and for groups of students underrepresented in postsecondary education.

As the only magnet high school in Berkeley County School District, the Middle College has successfully completed its third year. Our student body increased from 91 students in year two to 93 students in year three. Two of our seniors received Associate Degrees from the college on May 3, nearly a full month prior to receiving their high school diplomas.

Our students collectively attempted 434 dual credit college courses with a success rate (A, B or C) of 92.4%. Our US History EOC scores are among the highest in the district. The Class of 2013 earned a total of $617,760.00 in academic scholarships and grants. Our students participated in the Quest academic competition and Storm the Citadel. Our Response to Intervention program was a tremendous success in supporting our students as they achieved a 100% pass rate in all high school courses. We look forward to expanding our intervention strategies to include a peer tutoring program and are preparing to develop a new and improved work-based learning initiative for the 2013-14 academic year.

We are located on the Berkeley Campus of Trident Technical College and serve students from the district's seven comprehensive high schools. Our partnership blends high school and college courses to provide students with rigorous academic pathways, comprehensive guidance support and job shadowing, as well as multiple opportunities each week for academic tutoring and advisement. Our faculty completed its first year of professional development in the Common Core State Standards

At Berkeley County Middle College High School, it continues to be our joy to help students begin their transitions into higher education and bright futures.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: http://ed.sc.gov/data/esea/ or request this information from your child's district or school.

Overall Weighted Points Total	**N/A**
Overall Grade Conversion	**I**

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the state's expectations
