Percent satisfied with school-home relations	58.3%	78.7%	85%

*Only students at the highest middle school grade level at this school and their parents were included.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Holly Hill Roberts Middle School continues to work towards meeting the goals of our strategic plan as we cultivate the vision of the district and the school. These goals support a collaborative effort of all representatives of our School Improvement Council. As a group, we will assure that learning and improvement are continuous.

Our teachers show commitment to professional growth and development by completing graduate courses, working on advance degrees, and attending staff development workshops that stress using best practices in education today. One teacher was selected as the Veterans of Foreign Wars Teacher of the Year for commitment and dedication to our students and their writing abilities. Several teachers have assisted students in winning local, regional, state, and national competitions.

The success of our students academically is cultivated on the foundation of a well-defined curriculum. We are proud to showcase what each student has to offer and what they have developed over the year. Some of the school highlights include students being recognized as grade level winners at the district science fair and the regional science fair. Other awards and recognitions received by Holly Hill Roberts Middle School students are All State Band, Region Band, Junior BETA Club and FBLA Conventions, the Orangeburg-Calhoun Consortium for the Arts Summer Program, and the Daughters of the American Revolution short story and poetry contest. Two students attended a Leadership Academy for GEAR UP through South Carolina State University. Some of our students participated in service learning projects and some students participated in job-shadowing. Over fifty eighth grade students participated in Job Shadowing at AT&T in Columbia.

After being selected as one of four district schools to receive the Magnet Schools of America Program Grant, Holly Hill Roberts Middle School has transitioned into a Science, Technology, Engineering, and Math School (STEM). The magnet program at Holly Hill Roberts includes the development and implementation of a Science, Technology, Engineering, and Math theme, continuation and expansion of partnerships with local businesses, cultural organizations and universities to support the magnet program, design and implementation of career awareness and development activities, and design and implementation of parent involvement initiatives in support of the magnet program. We are now starting a new program for middle school in the biomedical field and continuing to increase technology and the use of Lego robotics.

Loretta R. Gadson-Washington, Principal
Stacey Rock-Gilmore, SIC Chair
