**Report of Principal and School Improvement Council**

The faculty, staff, and School Improvement Council of Harleyville Elementary each work collaboratively with one another to address the academic needs of our student population. Through continuous analysis of data and the implementation of programs, we plan and structure our curriculum to keep instructional efforts focused on target areas of concern.

The most recent data from MAP, Dominie, and benchmark assessments is used to help us guide our instructional approach throughout the year. This data also helps us to form groups of students for small group instruction and after school tutoring. Students identified with one or more deficient areas in reading receive reading intervention (RTI), which is a program that provides specialized, intense, small group assistance.

The results from our 2013 PASS assessments identified science as an academic weakness. To address this instructional need, benchmarks were given throughout the year to monitor student progress.

As a school, we are continuously seeking ways to improve our students’ academic performance. This process often involves seeking input from parents, community members, and other stakeholders to help establish a vested interest for at Harleyville Elementary School, our motto is to “Help Everyone Succeed.”

**ESEA/Federal Accountability Rating System**

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

<b>Overall Weighted Points Total</b>	<b>74.9</b>
<b>Overall Grade Conversion</b>	<b>C</b>
