Report of Principal and School Improvement Council

Red Bank Elementary School is striving to personalize learning for every student. As a S.C. Council on Competitiveness TransformSC school, we have been working toward changes needed to prepare 21st century students. Research indicates that students need to be collaborative, creative, critical thinkers and strong communicators.

We strive to have transparent learning expectations, and we support the fact that every person learns at a different rate. Students are offered opportunities to demonstrate their learning in more than one way. Through this process of choice, we have seen students begin to take ownership of their learning.

During the 2013-2014 school year, our second year of implementation of a standards-based system of reporting, our students and parents became more familiar with the requirements of the standards for learning at each level. Some of our students have been able to move beyond grade-level work while others have not been ready for work at the level typical of their peers. Therefore, by personalizing the learning for each child, we are striving to meet the needs of each learner, making them confident so that they will be college and career ready.

In our transformation to a personalized learning system of education, we have met many challenges. One challenge has been building trust with our stakeholders with this instructional model. We have confronted this obstacle by working to communicate about our model so that parents and students understand the goal that we are trying to achieve of meeting each child's needs by personalizing the learning.

Our state testing achievement reveals that 69% of our students met or exceeded expectations for writing, 74% met or exceeded expectations for English/language arts, and 68% met or exceeded expectations for mathematics. We will continue to work to improve these percentages through grade-level team meetings and continued professional learning.

We are proud of our students for demonstrating leadership in a variety of service projects. Student opportunities include five LEGO League teams, a recycling team, news team, garden team and our Special Olympics unified team. Leadership opportunities abound at RBES, and we will work to integrate these leadership opportunities with academics as we begin the implementation of the components of FranklinCovey's The Leader in Me program.

Through our training and the resulting empowerment of students, we expect great strides in improvement.

Principal Marie Watson and SIC Chair Carla Bedenbaugh

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	73.4
Overall Grade Conversion	C

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the states' expectations.

Accountability Indicator (Title I Schools)

Red Bank Elementary School has been designated as a:

	Title I Reward School for Performance - among the highest performing Title I schools in a given year.
	Title I Reward School for Progress - one of the schools with substantial progress in school subgroups.
	Title I Focus School - one of the schools with the highest average performance gap between subgroups.
	Title I Priority School - one of the 5% lowest performing Title I schools.
	Title I School - does not qualify as Reward, Focus or Priority School.
X	Non-Title I School - therefore the designations above are not applicable.
