Report of Principal and School Improvement Council

CSI has completed another successful year as Richland One's Public Charter Elementary School. We have worked hand in hand with district officials to ensure high quality teaching and learning. The SCTAP System is a new and critical part of our charter for teacher evaluation and overall student achievement. Teachers and staff meet daily to discuss the learning outcomes that take place in each learning community. The school leadership team also created and implemented a pre-kindergarten program that focused on early childhood development through Science, Technology, Engineering, Arts and Mathematics (STEAM). The program's execution has produced excellent results for our students. In order for each child and adult learner to develop a clear sense of what they know and need to know, Carolina School for Inquiry uses standards-based report cards and narrative report cards to inform students and families how they are doing in specific areas related to social sciences, reading, writing, and math. A key advantage to our reporting system is to provide specific feedback so that parents can purposefully work with their children at home, and to support the school's effort in enabling the student to reach proficiency and to reinforce the school's effort to move students beyond proficiency to advanced levels of understanding. Students are assessed as individuals, socially and academically. Each child in grades preK-6 has shown at least a year's growth in a year's time. Students were assessed formally three times last year using the Dominie Reading Assessment, MAP Testing, Study island, Dial 4 and Frogstreet Assessments which all provide a good knowledge base for what each child knows and was able to do. This data provides a means for the teachers to intentionally meet student needs in challenging areas albeit remediation of challenges for gifted acceleration. We were able to triangulate data using at least three data points. The school added an additional thirty minutes to the school day to implement Focus Groups based on MAP scores for students in grade k-6. Field studies are an important part of the CSI curriculum. These studies are planned monthly for each class to culminate the learning experiences that take place in the learning communities. School goals were intentionally set based on 2012 - 2013 PASS Reading test results, by May 2014 the school will decrease from 24% Not Met to 13% which represents a decrease from 11 students to 6 students; decrease from 42% Met to 40% which represents a decrease from 19 students to 18 students; Exemplary 4 will increase from 7% to 16% which represents an increase from 3 students to 7 students; and Exemplary 5 will increase from 27% to 31% which represents an increase from 12 students to 14 students. Students in grade 4 scoring: •Not Met will decrease from 8% to 0% (1 student to 0 student) •Met will increase from 31% to 38% (4 students to 5 students) •Exemplary 4 will increase from 15% to 23% (2 students to 3 students) •Exemplary 5 will increase from 46% to 54% (6 students to 7 students) Students in grade 5 scoring: •Not Met will decrease from 29% to 18% (5 students to 3 students) •Met will maintain at 53% (9 students) •Exemplary 4 will increase from 6% to 18% (1 student to 3 student) •Exemplary 5 will maintain at 12% (2 students) Students in grade 6 scoring: •Not Met will decrease from 33% to 20% (5 students to 3 students) •Met will decrease from 40% to 33% (6 students to 5 students) •Exemplary 4 will increase from 0% to 13% (2 students) •Exemplary 5 will increase from 27% to 33% (4 students to 5 students) of the SCTAP framework.☐

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	95.4
Overall Grade Conversion	A

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the states' expectations.

Accountability Indicator (Title I Schools)

Carolina School for Inquiry has been designated as a:

	Title I Reward School for Performance - among the highest performing Title I schools in a given year.
	Title I Reward School for Progress - one of the schools with substantial progress in school subgroups.
	Title I Focus School - one of the schools with the highest average performance gap between subgroups.
	Title I Priority School - one of the 5% lowest performing Title I schools.
	Title I School - does not qualify as Reward, Focus or Priority School.
X	Non-Title I School - therefore the designations above are not applicable.
