Report of Principal and School Improvement Council

Pendergrass-Fairwold School serves medically fragile and severely intellectually and physically disabled students from ages three to twenty-one who require a structured educational environment which will help them maximize physical mobility, self-help skills, life skills, and consequently, facilitate their adjustment to community living. We also provide services for students ages eighteen to twenty-one who require significant supportive programming to transition from school to work or from school to independent living. All students receive educational and related services according to their Individualized Education Plan (IEP) and are monitored for progress according to the guidelines of their IEP. ¶

¶

During the 2013-2014 school year, we have evaluated our school and program in an effort to identify our areas of strengths and make plans for continuous improvement. Although we included input from all stakeholder groups at the inception of our plan, we have not had success in maintaining involvement from individuals other than faculty members. Through the process of developing our renewal plan, we have targeted working towards better communication with our stakeholders as an explicit area of improvement. This is a challenge for us as our students live in all areas of the district. To accomplish this goal, we are in the process of developing an active School Improvement Council (SIC) and Parent-Teacher Organization (PTO). We have scheduled monthly meetings and currently have six new members. We will continue to work diligently to attain our goals and continue to encourage all students and staff to do their best. ¶

¶

Professional development is an area of strength for both the district and Pendergrass-Fairwold School. Specifically, at Pendergrass-Fairwold, all certified faculty members participate in a monthly book study centered on student achievement. On a weekly basis, faculty and staff members participate in professional learning communities in which they collaborate to ensure consistency in providing the best possible learning environment for all students. We have also implemented a Classified Mentoring program to ensure each new classified staff member is successful. All staff members participate in ancillary professional development activities throughout the school year including First Aid and CPR. Fairwold staff is trained in Crisis Prevention Institute's Non-Violent Crisis Intervention training as well as procedures for medical situations such as tube feeding and seizures. ¶

¶

During this school term, we have utilized a new curriculum that is aligned with Common Core Standards. With the implementation of Unique Learning Systems, all teachers have been using the same criteria and activities while maintaining the unique learning needs given the diversity of disabilities ranging from non-verbal students and those who cannot read or write and verbal students who do have academic skills. Since we have only used this curriculum in its fullest during the 2013-2014 school year, we have limited data to use to assess the strengths and weaknesses of the program as it relates to our student population. At the conclusion of this school term, we will compile data to determine the benefits of using the Unique Learning System and Project Discovery. ¶

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal Elementary and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	44.7
Overall Grade Conversion	F

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the states' expectations.

Accountability Indicator (Title I Schools)

Pendergrass-Fairwold School has been designated as a:

	Title I Reward School for Performance - among the highest performing Title I schools in a given year.
	Title I Reward School for Progress - one of the schools with substantial progress in school subgroups.
	Title I Focus School - one of the schools with the highest average performance gap between subgroups.
	Title I Priority School - one of the 5% lowest performing Title I schools.
	Title I School - does not qualify as Reward, Focus or Priority School.
X	Non-Title I School - therefore the designations above are not applicable.
