REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Cottageville Elementary, a pre-kindergarten through fifth grade school, can be found along the Edisto River in the rural community of Colleton County. We earned an "Average" rating on the 2013 state report card and an overall “C” rating on the federal ESEA rating. As a collection, the student body, faculty, staff, and administration have worked hard together to ensure that all students “Soar Like Eagles”. We have focused our efforts on math and science as they indicated low performance rates on statewide testing. Our aim is to help students become college and career ready so that they may become productive citizens. ☐

The faculty and staff continues to utilize the weekly process of teacher collaboration on common standards, strategy identification to teach these standards, the use of common assessments known as Progress Monitoring, and a reflection of student performance. After teachers have analyzed data, students identified as needing additional interventions receive small group instruction provided by the teacher. All students were assessed in reading and mathematics through the NWEA’s Measures of Academic Progress or MAP three times during the year. This data was used to drive instruction and to meet the needs of all our students. Our reading instruction was driven by student performance on Dianne DeFord’s Dominie text level assessment. Small group reading instruction was then delivered to students with a focus on common strengths, weaknesses or miscues. Students identified as needing additional support received reading instruction from a certified reading interventionist. ☐

Students had opportunities for community outreach: Jump Rope for Heart, March of Dimes, Walk to School and food drives for the local animal shelter. Students had opportunities to participate in honor choir, football, pen pal program through Erskine College Tennis Team and cheerleading. Students participated in the class and school spelling bee. Students were recognized for their successes at the end of each nine weeks for perfect attendance, Merit’s List, Honor Roll and Superintendent’s List during awards ceremonies. Alisa Lemon, a fifth grade teacher, was named our Teacher of the Year and earned the distinction of District Teacher of the Year. Our custodial staff worked hard throughout the year to maintain an environment conducive to learning and was recognized at the end of the year as "Clean School of the Year."☐

Opportunities for parent involvement were provided through hosting several parent workshops. These included Standards Nights, Family Literacy Night, Math and Science Night, and improving home-school communication. Other activities were Thanksgiving Feast , Spring Fling, Jump Rope for Heart, Walk to School, and Field Day.☐

Our challenges include maintaining and improving our state and federal rating as the expectations continually rise. We will address these challenges through our Title I interventions, differentiated instruction, providing our staff with the needed staff development and resources to implement the Common Core State Standards. Our plan for the 2014-2015 school year will include these initiatives so that Cottageville Elementary can maintain its vision of a community of learners soaring to be their best!☐

Tracy McDonald, Principal☐
