Printed versions are available from school districts upon request.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Elloree Elementary School serves students of child development age through 8th grade. The 2013-2014 goals that were implemented are those reflected in our most recent School Renewal Plan. During the school year, teachers participated in meaning and ongoing professional development, workshops, and other state or local training opportunities. All professional development activities are geared toward instructional improvement and enhancement. We continued the use of innovative materials and resources to support increased student achievement on the subtests of PASS in ELA, math, science, and social studies.

During the 2013-2014 term, EES continued the Teacher and Student Advancement Program (TAP). This program focuses on enhancing teachers’ strengths and refining their weaknesses. It used collaborative methods to share and teach strategies for instruction and concentrated on data to drive success. Teachers attended weekly cluster meetings, where they engaged in professional development activities designed to improve student achievement by strengthening the instructional strategies of teachers.

EES is committed to improving student achievement. We provided various opportunities for students to excel academically. Many of our students took advantage of our early morning enrichment activities, in-school intervention sessions, and after-school programs. In addition to standard options, EES students participated in various field trips, visual arts, chorus, keyboarding, and instrumental recorder classes. The school also has a language lab where students are exposed to French and Spanish, which supports the IB PYP curriculum. It is the goal of EES to make learning meaningful and effective for our students.

We continued the use of innovative materials and resources to support increased student achievement on the subtests of PASS in ELA, math, science, and social studies. This literacy initiative continues to ensure that every student becomes a fluent and proficient reader. Additionally, and Early Bird Tutoring was provided to students in grades 6-8. Interactive whiteboards and computers were installed in all classrooms, and offices received updated computers. Apple iPad devices were purchased for all students to enhance the instructional process in the classroom. Measures of Academic Progress (MAP) and Evans Newton Incorporated (ENI) benchmark testing were used to monitor strengths and weaknesses of students in grades 6-8.

Through collaborative efforts among school, home, and community, partnerships were established to create a positive, nurturing learning environment that fosters high expectations for all students. Our school's motto, "Enter to Learn.... Exit to Lead,” means we prepare our students to become global class citizens.

Dr. Trina Gordon, Principal
Barbara Butler, SIC Chairperson
