Report of Principal and School

Within the mission and vision statement of Lexington County School District One, there are specific statements that serve as guiding principles for providing opportunities for students. These statements best articulate the success seen at White Knoll High School during the 2013-2014 school year. As we come to the close of our second year under new leadership, we see strong evidence that faculty and staff continue to provide an “array of exceptional learning experiences” and foster a “high-performance culture of excellence” where high expectations are set for all students.

The graduating class of 2014 provides great evidence of this success. Of the 443 graduating seniors, 97 graduated with Honors and 259 received LIFE Scholarships. The total amount of scholarships awarded at the time of graduation was \$11,543,046. It is clear that WKHS continues to prepare leaders ready for the next level of education and vocation.

Success can also be seen in ongoing efforts to provide students “opportunities to develop talents, interests and skills” in the Center for Public Health and Advanced Medical Studies. WKHS boasted the first graduating class of Center students this year and had students studying abroad in Costa Rica for the second year.

White Knoll is also focused on affording students “opportunities to practice leadership and citizenship in a global context.” The WKHS DECA program had 27 award winners at the 2013-2014 S.C. State DECA competition and three finalists in the 2013-2014 International DECA competition. Two students placed in the top 10 in the world at the DECA International Convention in Atlanta. In addition, the WKHS Virtual Enterprise Team had 10 winners at the 2014 S.C./Southern Region Trade Show, and drafting students took first place in both Technical Drafting and Architectural Drafting at the 2014 SkillsUSA State Championship.

Lastly, White Knoll prides itself on embodying the district vision that “each student receives the personal support necessary to reach his or her goals through a caring environment that advocates for students and works to eliminate barriers to learning.”

For the second year, the school used a mentoring program, focused on subgroups such as at-risk seniors, 16-year-old freshmen and students transitioning back to WKHS from FOCUS. In conjunction with our mentoring program, we are expanding our plans to support our growing student population by establishing a leadership program. We are also continuing to develop our use of PrimeTime, an intervention block, to provide academic support to students.

It is through the mentoring and leadership programs, as well as the use of on-time interventions, that faculty and staff can not only advocate for our students, but can also provide them with personalized and caring support as each student strives to live out the WKHS mission of becoming a productive citizen and lifelong learner.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal High and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	89.3
Overall Grade Conversion	B

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the states' expectations.

Accountability Indicator (Title I Schools)

White Knoll High School has been designated as a:

	Title I Reward School for Performance - among the highest performing Title I schools in a given year.
	Title I Reward School for Progress - one of the schools with substantial progress in school subgroups.
	Title I Focus School - one of the schools with the highest average performance gap between subgroups.
	Title I Priority School - one of the 5% lowest performing Title I schools.
	Title I School - does not qualify as Reward, Focus or Priority School.
X	Non-Title I School - therefore the designations above are not applicable.
