THE STATE OF SOUTH CAROLINA

2014

ANNUAL SCHOOL REPORT CARD

RATINGS OVER 5-YEAR PERIOD

YEAR	ABSOLUTE RATING	GROWTH RATING
2014	Below Average	Excellent
2013	At-Risk	At-Risk
2012	At-Risk	Excellent
2011	At-Risk	At-Risk
2010	At-Risk	N/A

DEFINITIONS OF SCHOOL RATING TERMS

- Excellent - School performance substantially exceeds the standards for progress toward the 2020 SC Performance Vision
- Good - School performance exceeds the standards for progress toward the 2020 SC Performance Vision
- Average - School performance meets the standards for progress toward the 2020 SC Performance Vision
- Below Average - School is in jeopardy of not meeting the standards for progress toward the 2020 SC Performance Vision
- At-Risk - School performance fails to meet the standards for progress toward the 2020 SC Performance Vision

SOUTH CAROLINA PERFORMANCE VISION

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

Report of Principal and School

William S. Hall is a residential facility located in downtown Columbia on the grounds of the SC Department of Mental Health that serves students requiring inpatient mental health services. Unless medically inadvisable, students are expected to participate in educational activities which will prepare them to meet South Carolina learning standards and score as well as their abilities allow on state standardized tests. Our academic program focuses on helping students stay current with their academic skills or develop strengths that will enable them to function more effectively in their regular school programs upon completion of their hospital stay. Each student is offered the opportunity to participate in the Richland One approved core course curriculum taught by certified teachers during his/her hospital stay. An EdGenuity learning laboratory is also available to supplement classroom educational opportunities and to help students who have splintered skills or need enrichment activities. Because of the small number of students tested at our facility, our scores remain statistically insignificant; however, we have noted a steady increase in the number of students scoring Basic and Above Basic on HSAP and PASS. We have also experienced an increase in the number of students receiving passing scores on End of Course (EOC) examinations.

□

During the 2013-2014 school year we have evaluated our school and program in an effort to identify our areas of strengths and make plans for continuous improvement.

□

Through the process of developing our renewal plan, we have targeted working towards better communication with our stakeholders as an explicit area of improvement. This is a challenge at William S. Hall School as we have a transient student body comprised of students from all areas of the state. However, we have a very strong system of communicating with the SC Department of Mental Health (DMH) staff regarding our students and the school. This includes phone calls and weekly data sheets about student learning and conditions, regular personal interactions and scheduled monthly meetings. Monthly meetings between school and DMH staff have focused on factors that impact student achievement and learning. During the monthly meetings, Hall school shares results and data with stakeholders, and solicit input from them on how to improve student achievement and instruction. To increase stakeholder involvement, we are in the process of developing a School Improvement Council and actively identifying all stakeholder groups. We will utilize stakeholder input to continuously plan, review, and develop appropriate goals that build and foster appropriate programs. We will rewrite the school's purpose and mission statements to provide clear statements of the school's values and beliefs about teaching and learning. During this school term we have implemented a comprehensive guidance program for all of our students. The guidance counselor conducts large group counseling sessions on a weekly basis to address academic, social, and career needs.

ESEA/Federal Accountability Rating System

In July 2013, the South Carolina Department of Education was granted a waiver from several accountability requirements of the Federal High and Secondary Education Act (ESEA). This waiver allowed SC to replace the former pass/fail system with one that utilizes more of the statewide assessments already in place and combine these subject area results with graduation rate (in high schools) to determine if each school met the target or made progress toward the target. This analysis results in a letter grade for the school rather than the pass/fail system of previous years. For a detailed review of the matrix for each school and districts that determined the letter grade, please use the following link: <http://ed.sc.gov/data/esea/> or request this information from your child's district or school.

Overall Weighted Points Total	N/A
Overall Grade Conversion	I

Index Score	Grade	Description
90-100	A	Performance substantially exceeds the state's expectations.
80-89.9	B	Performance exceeds the state's expectations.
70-79.9	C	Performance meets the state's expectations.
60-69.9	D	Performance does not meet the state's expectations.
Less than 60	F	Performance is substantially below the states' expectations.

Accountability Indicator (Title I Schools)

William S. Hall has been designated as a:

	Title I Reward School for Performance - among the highest performing Title I schools in a given year.
	Title I Reward School for Progress - one of the schools with substantial progress in school subgroups.
	Title I Focus School - one of the schools with the highest average performance gap between subgroups.
	Title I Priority School - one of the 5% lowest performing Title I schools.
	Title I School - does not qualify as Reward, Focus or Priority School.
X	Non-Title I School - therefore the designations above are not applicable.

Teacher Quality and Student Attendance

		Our District	State
