

South Carolina State Report Card

State and federal laws require public schools to release report cards to the public each year. This year, the report card has been updated to reflect changes in reporting directed by the SC Education Oversight Committee. Schools will not be rated for state accountability purposes until Fall 2017 when the state will transition to a single accountability system. The following reports student performance in school year 2014-15.

WORLD CLASS SKILLS & LIFE AND CAREER CHARACTERISTICS

Our school is helping all students develop the world class skills and life and career characteristics of the Profile of the Graduate by offering a strong and rigorous core program focusing on ELA, Math, Science and Social Studies and also engaging opportunities in related arts. Brewer also houses the ACTS Magnet Program which is a "school within a school" and gives artistically talented students an academically challenging arts integrated curriculum.

Academically, our students are excelling in numerous ways. We have 18 identified Duke TIP Scholars as well as 10 Junior Scholars. There were 51 students inducted into the Beta club. We also had 4 students that will attend the South Carolina Governor's School for the Arts.

There are many opportunities for our students to get involved in extracurricular activities as well. Our boy's basketball team went undefeated while our other athletic teams had impressive records. Our cheerleaders hosted a Cheer Clinic for the community which ended with elementary girls cheering for an actual football game. Besides athletics, every student at Brewer is required to participate in a club during our monthly "Club Day." This provides every student at Brewer Middle School the opportunity to participate in an extracurricular activity.

Our students and teachers are very active in their community as well. We were recognized by The United Way for raising over 100% of our goal again this year. Various clubs also raised money for the March of Dimes and the American Cancer Society. Our student council also made blankets for the pediatric ward at our local hospital. There were also multiple food drives to assist families in need.

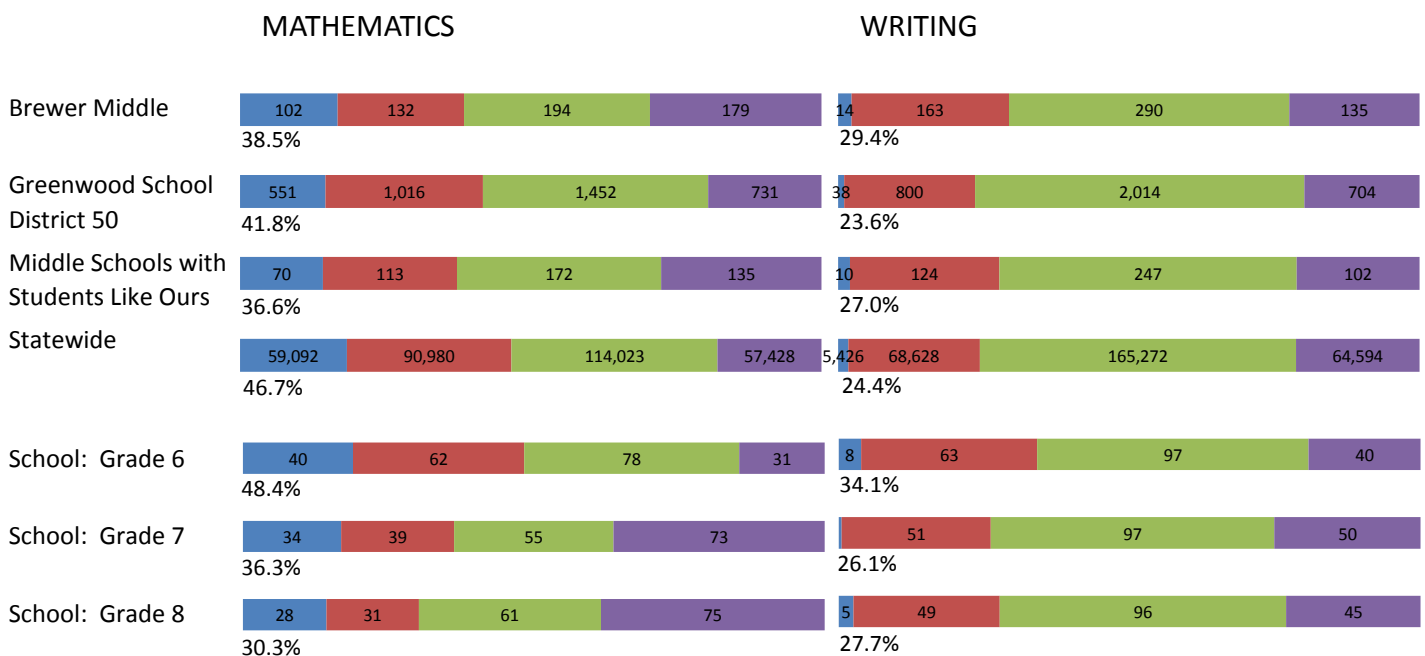

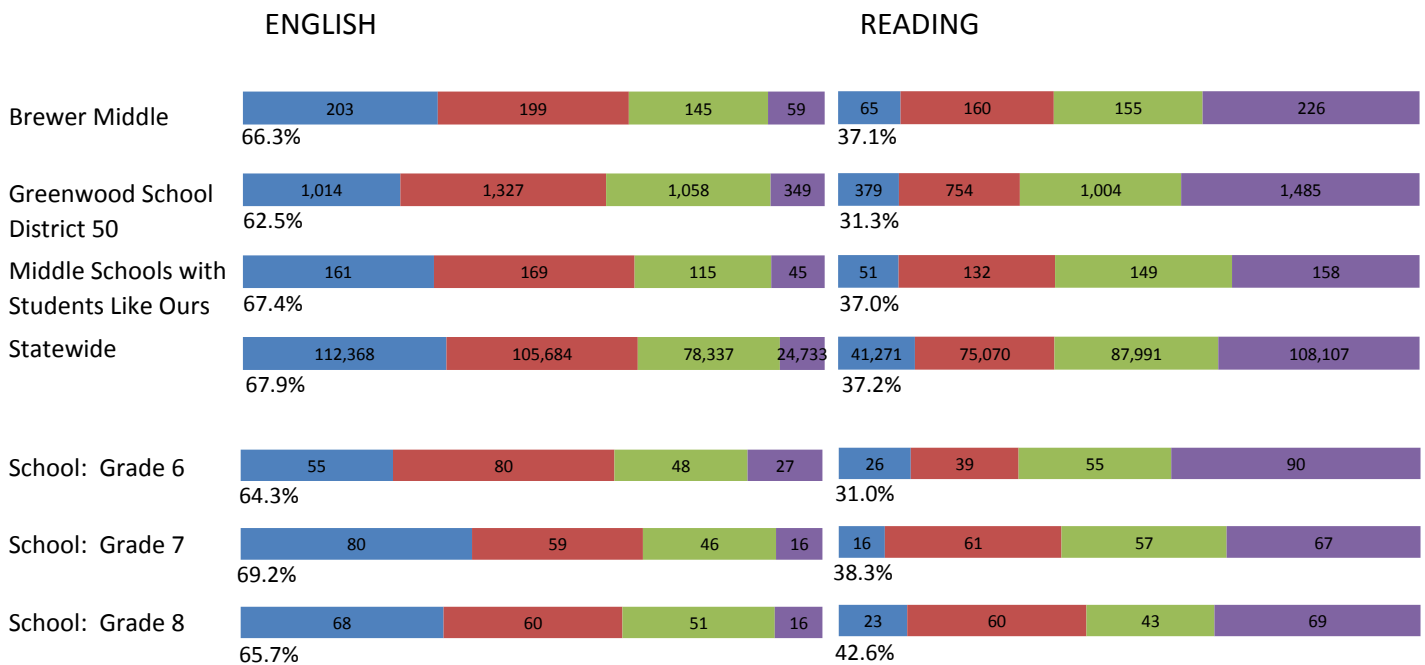

Professional development is a requirement for all of our teachers. Our teachers have been involved in trainings such as Responsive Classroom, Project CRISS, Lucy Calkins Workshop, Scientific Probe trainings as well as the SC Music Educators Conference. In an effort to prepare for our district's 1:1 technology initiative, our teachers have participated and led sessions on Google Classroom and Google Apps.

Brewer is definitely the place to be and we are proud of everything that we have accomplished this year in order to prepare our students to fit the characteristics of the South Carolina Graduate. With the assistance of our PTSO, SIC, district office and our parents, we have been given the ability to prepare our students to be college and career ready.
